

Hi ,

If there's anything more romantic than two nights at the elegant [Hotel Boulderado](#), it's saving money while doing so. Just in time for Valentine's Day, guests who stay between February 11 and 17 will pay \$159 for one night and \$259 for two nights with the "[Cold Heart Cash](#)" special. This package also comes with a \$50 in-house credit that can be used for cocktails at the hotel's iconic speakeasy-style bar, License No. 1, or towards an intimate meal at the hotel's flagship restaurant, Spruce Farm & Fish, or The Corner Bar, their more casual dining venue. The code to book is [CHC19](#).

When the stars descend on Boulder for the [15th Annual Boulder International Film Festival](#), Hotel Boulderado will be at the center of it all. Guests attending BIFF (February 28 through March 3) will receive a **nightly rate of \$159**. The Hotel is a major sponsor of the event, and will host the Festival's Opening Night Red Carpet Gala on Thursday, February 28 at the Boulder Event Center. Then, once the awards have all been handed out on March 2nd, Hotel Boulderado will throw the BIFF Noir After Party (for fans who are 21 and older) at their own License No. 1 bar.

High-res images of the property are available upon request. Thanks so much for your consideration!
